
Press Release

MIDDLETON, WISCONSIN June 24th, 2026 / Press Newswire - First Call - Proactive Publishing LLC, a vertically integrated Global Publisher located in South Central Wisconsin (USA) sends a message of support to the “new rock star” in Wisconsin, that being **Daisy The Wisconsin Cow** who along with future Governor and current 7th District Congressman, Tom Tiffany plans to stop the waste and fraud in Dane County.

Future Governor and current U.S. Congressman, Tom Tiffany and his partner, **Daisy The Wisconsin Cow** have been a huge success via their recent TV and internet ads featuring both and how they will clean up waste and fraud in Madison. Don't forget Daisy, you and **Future Governor Tiffany are going to need a bigger shovel!**

As our future governor's plans and his strategic clean-up project in Dane County resulting from years of waste and fraud being committed against the taxpayers of Wisconsin, he will succeed for the good people of Wisconsin who are hungry for a leader in the Governor's Role. Let's all be impressed that this person, Tom Tiffany, is the real deal and a real “Wisconsin Believer & Doer” for the good of the people of Wisconsin everywhere, and not allowing others to steal and defraud the tax payers who pay their salaries here in Woke USA, that being Madison where under “democratic rule” has resulted in all of us being poorer and less able to buy the things our families need because Madison and places like Middleton are stealing our money via incompetence and overspending.

Dane County, specifically Madison and even Middleton both need a tremendous amount of oversight, audits, and firings...

Middleton Police Department is alarming overstaffed, overpaid, and allocates funding to areas that are wasteful and in many cases, committing fraud against the citizens who pay their salaries via total “**Dereliction of Duty**” as these dumb Middleton Cops took an oath of office as did the mayor in front of god and the state of Wisconsin to “**serve and protect**” and not to do the things they have done recently. Stealing a \$24K Rolex from a residence that they had no search warrant for, yet search the garage and other areas unsupervised. Middleton ranks in the bottom 2% of cities in the Nation in relation to crime rate of a city our size per thousand residents, thus, we have no real crime in Middleton as it is one of the safest areas to live in the U.S. that is why the Middleton PD budget needs not **be cut by 75%.** This is not defunding the police; it is getting the correct size Police department that matches our demographics and avoids waste by overstaffing. Real simple Mayor Lisa “Ms. Latino” jarion. It is 2026; everyone has a cell phone and can police themselves. If they need a cop, they can call the cops as they respond quickly, however, what we do not need is the MPD to be “the feel good police” and respond to BS complaints by people. Middleton cops need to articulate a crime and not just come and announce that we got a complaint. That's bull Shit Chief Thompson. YOU cops and the Middleton Police Department are not “the feel good police” and it has to stop. Additionally, the Middleton Police Department needs a complete third party audit for fraud, unearned overtime, false police reports being filed and submitted, warnings being filled out that are missing key information.

Proactive Publishing has secured a copy of two Middleton {Police Forms that were filed out by a full time cops) on this police force. Copies of an official Middleton Police forms secured by Proactive Publishing were completed by MPD cops that were both missing the cops name, specific cop information was missing, and both misspelled the town who pays their salary, “Middletin vs Middleton” and their hand and writing could not be read easily because it was “unlegable” and made no sense.

Also, the Chief of this department “**Stevie “Not ready for Prime Time” Thompson**” is one of hundreds of police chiefs around the state (dime a dozen jobs) however Stevie feels he can decide who to follow up with and who not to follow up with as he is a Public Servant, however, **Stevie “Not Ready For Prime Time” Thompson** feels and believes and goes to bed each night thinking we work for him. Again, this dumb cop called a chief of police thinks we work for him. Hummmmm.

Net, net, The Middleton Police Department needs a complete and “Deep Dive” independent third party audit on all their policy and procedures are being executed correctly and by the law. And to ensure that if fraud is present, the it is exposed, as well as review all police report(s) for the past year to determine if the dumb cops in Middleton are following the state and feral laws and city police policy and procedures. And how the reports are completed – are they missing key information as the others were. An Audit would reveal that. Lastly, the Middleton Police Department is facing federal crimes as it relates violations and “conspiracy” with others “under the color of law.”

Daisy, I cannot wait for you to help Tom Tiffany clean this mess up. Also Daisy, you contribute more to the state of Wisconsin via Daisy's two-times a day milking process than the entire Middleton Police Department Contribute in a year. Keep up the great work Daisy and do not forget to secure a bigger shovel for Middleton as well.
