

Press Release

MIDDLETON, WISCONSIN June 30th, 2026 / Press Newswire - First Call - Proactive Publishing LLC, a vertically integrated Global Publisher located in South Central Wisconsin (USA) announces/reveals more, and I mean more dumb and unprofessional and illegal behavior by the Middleton School District.

TO: Middleton – Cross Plains Area School District

On your letter head, under your district name, you have three words: **Engage * Empower * Evolve** Therefore, based on my exposure to this Middleton – Cross Plains Area School District, they are misrepresenting the facts of who they really are based on my exposure to these people – **FAKE** Yet another great example of how dumb these people/city employees really are at our **Middleton School District**, I received a UPS Overnight Letter moments ago today from Middleton School District Safety Coordinator, **Asher Torbeck**. In Torbeck's letter, (she/he) is informing me that I am violating school Board Policy #7440, #2260, #3362, and #4362. **Hey news flash city employee Torbeck**, you can have all the School Board Policies you want, however, if they are in violation of federal and state law, they are meaningless, again they are meaningless. Your school board cannot violate citizen's rights because of some school board policy and you cannot secure the help of the MPD to enforce school board policies which then it falls "**under color of law**." These Violations, which are felonies, therefore, today, with your later dumb ass, low IQ, Asher Torbeck letter, you are now expose to incremental federal crimes under "color of law" above and behind what is already documented. Then in your letter you copy Steve (MPD) on your letter and threaten me with arrest if I did not follow your directives.

Torbeck, you can take those school board policies and your directives send to me in writing on School District Letterhead and stick it up your dumb city employee ass. **YOU are not going to threaten me with arrest for exercising my 1st**. Torbeck, when you and Dr. Dana are deposed via a federal lawsuit and questioned by my attorney, he will ask you under oath the following: Details highlighted below and in your letter to day that you now own in a court of law.

Dear Asher Torbeck/Dr. Dana

- How do you know that the claims are baseless? – What proof do you have or did someone just tell you to say that?
- How do you know the accusation Mr. Franzen made about your district employees is false?
- Can you produce a document that states on 2/2026 (you supplied no specific date) that MPD approached Mr. Franzen and advise him not to contact School District? Where is the proof? Mr. Franzen has no records of that statement being remotely true.
- No Trespass warning with zero rational supplied behind it why? Is that an order under threat of arrest? NO, it was not, so you lied in your letter without having the facts.
- What gives you authority to send a letter like this? Was it reviewed by the city attorney, and if so, why not copy them on your letter? You are not an attorney Torbeck, so stop acting like one via your letter that contained false statements by you that will be proven false and slanderous in a federal lawsuit.
- School cannot put school policy over federal laws.
- **Case in Point Torbeck**: School is in session: I was invited to attend a Dodgeville School Board Meeting recently. Then days before I was prepare to speak for 5 minutes, the District Super sent me a list of rules that restricted what I could say and what I could not say. I replied that this is a public forum that I was invited to speak, and neither he nor anyone else can tell me to shut up.
- You claim Mr. Franzen did not respect the District expectations regarding restraint. News Flash – The Middleton School District did not meet Mr. Fraznen's expectations and you work for me Torbeck as a public servant – I do not work for you or anyone at this school district you morons. Wake up and realize. You work for us. We do not work for you: and for the school board, they are paid thousands of dollars not to ignored emails and sit on their "woke" hands all day and collect their city payroll check for doing nothing.
- You claim Patrick Franzen is not allowed on School Property as you said I will be arrested if I come on school Property – Hey Torbeck, News Flash - I have not been on any Middleton School Property since 2015 you dumb ass. And if I want to come any property, **which is public, you can stop you dumb asses. I am not a threat. You people are a threat to the city of Middleton. You** have no justification or legal right to threaten me with arrest and no/zero authority to send me a letter with the subject matter being – NO Trespass as that is how you deal with a sex scandal and using the MPD "under the color of Law." I did nothing wrong to receive a "No Trespass" You dumb ass Torbeck.
- I was never contacted on June 19th per you letter by the MPD to stop sending your district emails, never, so where in the hell did you get that information Torbeck? Did you pull it out of your ass, like the rest of this letter you sent me and copied everyone to review. Your letter appears to be written from a template you more than likely secured a some teachers conference because it is full if bull shit.

Torbeck, I learned a long time ago, you do not put things in writing unless they are true, and you can prove they are true in a deposition and/or court of law. IF you draft and send a letter that contains false statements and/or slanderous comments directed at Mr. Franzen that are also untrue, and that can be substantiated in a deposition, then you are in **big trouble Torbeck!!**
